# Is Active Surveillance Safe for Black Men?

**Tuesday June 29, 2021  
8:00 PM - 9:30 PM ET**

Health equity is the buzz word right now! And it raises its head around Active Surveillance for men diagnosed with early, lower risk prostate cancer. Hear Dr. Willie Underwood, who had a radical prostatectomy, debate Dr. Brandon Mahal whether this is an appropriate strategy for Men of Color.

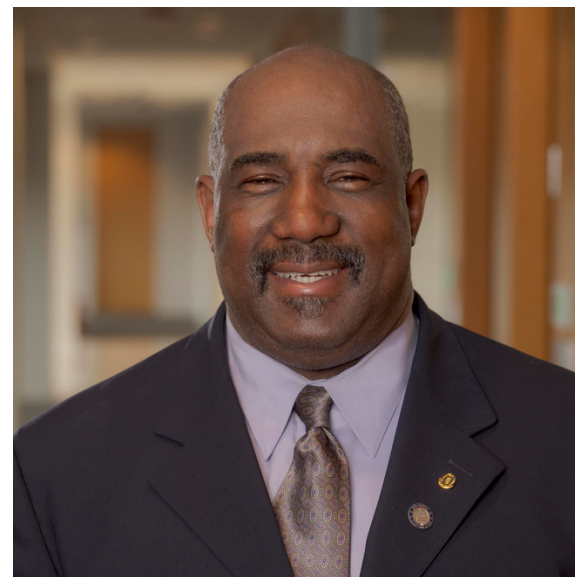

Moderated by Anthony Henry of The Walnut Foundation and Peter Kafka of AnCan, this is a must-see webinar for those interested in health equity and prostate cancer!

Questions can be submitted ahead of time to [joeg@anacan.org](mailto:joeg@anacan.org); case-specific questions will not be considered.
